

WE SUPPORT...

Let's Get Certified! - Phase IV

We are proud to support the U.S. Department of Veterans Affairs and the U.S. Department of Defense (DoD) *Let's Get Certified! - Phase IV* Campaign; which offers guidance and resources to support facility efforts in increasing the number of nurses with certification.

Because 90-95% of all hospital patients will receive some type of infusion therapy, we feel the *most important certification* for any nurse to achieve would be the *Infusion Certification (CRNI)*. Infusion Knowledge, Inc. offers classes and study materials to assist nurses in preparing for the CRNI certification exam.

Any VA or DoD nurse who wishes to attend a *CRNI Review Workshop* and/or purchase *CRNI Review Exam Preparation Materials* will receive a **20% discount** (please use discount code VA20 when ordering).

We also offer discounted rates for any VA or DoD facility who wishes to schedule a *CRNI Review Workshop on-site*. Please call 1-800-337-1545 for rates and availability.

We look forward to working with the U.S. Department of Veterans Affairs and the U.S. Department of Defense (DoD) to assist your nurses in becoming *I.V. Certified!*

Let's Get Certified discount is available from June 1, 2011 to May 30, 2012.
